Contact: Martin Long

Entering 1st - 6th grades, Coed Day Camp

Kids' Camp Ladue is a summer day camp opportunity for kids entering first through sixth grades. Before and after care is available for an additional fee.

## The Host Schools

---

The Summer Opportunities Fair is a community volunteer effort sponsored by the parent associations of John Burroughs School, Mary Institute and St. Louis Country Day School, and Whitfield School. Each year the Fair rotates between the three schools.

John Burroughs School was founded in 1923 as a progressive, coeducational, non-sectarian, college preparatory school for students in grades 7-12. Today it maintains its founders' commitment to service, simplicity, concern for nature, democracy, diversity, and the highest academic standards. At Burroughs, the pursuit of excellence takes place within the context of the school's informal atmosphere where highly qualified and caring instructors instill in their students a curiosity and love for learning. To schedule a visit, contact Nancy Vogt in the Admissions Office at (314) 993-4045 ext. 242.

A nationally-recognized leader in independent education, MICDS is a college-prep, co-ed school for students from Junior Kindergarten (age 4) through 12th grade. At MICDS, our mission is to prepare students for higher education and a life of purpose and service as engaged citizens in our ever-changing world. Your child can explore their passions and pursue academic excellence in state-of-the-art classrooms, labs, athletic facilities, theaters, and art studios throughout the 100-acre campus. Visit [micds.org](http://micds.org) or call (314) 995-7367 to learn more about the unique and innovative ways your child will embark on a life of discovery at MICDS.

Whitfield cultivates ethical, confident, successful students in a community of innovation, collaboration, and trust. Whitfield's rigorous college preparatory program for grades 6-12 is rooted in a formal character education curriculum called the Habits of Mind & Heart. Classrooms are dynamic, engaging, technology-forward spaces. The student-centered academic program encourages critical thinking and reflection, leadership development, and personal strength assessment. Whitfield's college counseling program inspires students to reach for their top choice schools in a low-stress way. The Class of 2021 was awarded scholarships totaling more than \$3.92 million for their first year of college.

**Don't miss next year's  
Summer Opportunities Fair  
Saturday, January 28, 2023  
at Whitfield.**
